

BIO

Phides Nyamohanga is the manager, Managed Security services in Nairobi, Kenya, responsible for creating strategic stakeholders relationships, lead research, demos and support sales to proactively identify prospects to generate leads, drive cost management and profit generation around Managed Security Services.

Amassing over five years of experience, Phides offers a unique blend of leadership, vision, skills and knowledge. She has worked as a senior officer corporate security where she contributed to the reduction of over 40 percent vulnerabilities raised to the IS operations teams and maturity of the Safaricom Cyber Security Operation Centre.

Phides has been Certified as an Information Systems Security Professional, Ethical Hacker, ISMS Lead Implementer and Auditor (ISO/IEC 27001) and Certified NSE 4 Network Security Professional.

In addition, Phides is passionate about mentorship and inspiring individuals from different backgrounds to excel in their various aspects of life. She is a high school outreach lead with Safaricom Women in Technology and a member of SheHacks Ke.

Phides loves reading and currently reading Atomic Habits by James Clear and Poems by W.B. Yeats.

Phides holds a Bachelor of Science in Telecommunications Engineering from Jomo Kenyatta University of Agriculture and Technology.
